

# JOB OFFER

# SOFTWARE SUPPORT

# ENGINEER

## THE COMPANY

---

Nintendo European Research and Development (N.E.R.D.) is a French subsidiary of Nintendo. We create key enabling software technologies for the most innovative and popular game consoles in the world. In close cooperation with other centers of excellence in Japan and USA, we ship bleeding edge solutions, powering new experiences at the heart of the game system, on hundreds of millions of consoles. Achievements include major contributions in video, media, imaging, cryptography, and hardware abstraction for Nintendo Wii U™, New Nintendo 3DS™, Nintendo Switch™, and other Nintendo platforms. Come and discover our team of highly skilled professionals, working in a privileged environment with a friendly atmosphere in the center of Paris.

## POSITION DUTIES

---

This position is the interface between N.E.R.D. developers and technology users (Nintendo group and third-party entities). Responsibilities include:

- Release management (testing, documentation, packaging, delivery, demonstrations) of software technologies, both embedded and online;
- Technical support to N.E.R.D. developers and technology users;
- Maintenance of the development toolchain and collaboration tools;
- Project support (meeting planning, minutes writing, tracking of issues and action items).

## CANDIDATE PROFILE

---

You are a team player, with a service-oriented mind and good relational skills. You exhibit strong verbal and written communication abilities. You are rigorous, and curious about bleeding-edge technologies.

You ideally have a Master's Degree (or equivalent) in Computer Science, and experience in software development.

You have a strong knowledge of compiled and interpreted languages (C, C++, Python, shells) in Windows and Linux environments. You are accustomed to source code management, and able to assemble, maintain, and port code from various partners.

You are proficient in English, both written and spoken; Japanese language is a plus.

## ADDITIONAL INFORMATION

---

This full-time position is located in central Paris, France.
