

Nintendo European
Research & Development

JOB OFFER

NETWORK & SYSTEMS ENGINEER

THE COMPANY

Nintendo European Research and Development (NERD) is a French subsidiary of Nintendo. We are a company of around 75 employees who share a passion for creating key software technology and cutting-edge solutions for Nintendo Switch™ and other Nintendo platforms. In close collaboration with counterparts in Japan and the USA, we contribute in fields such as emulation, signal processing, content generation, computer vision, machine learning, system development, optimization and security to create solutions deployed on over a hundred million homogeneous devices. Come discover an engaging and welcoming work environment in the heart of Paris and join our unique team in its mission to put smiles on people's faces!

POSITION RESPONSIBILITIES

- Guarantee the smooth operation, performance, and evolution of the company's network (internal and external)
- Ensure an optimal level of security for the infrastructure (Windows/Unix servers and network)
- Keep the knowledge base up to date on the infrastructure and procedures
- Provide everyday IT support to company in an efficient, positive, documented and timely manner
- Follow-up purchases and inventory

CANDIDATE PROFILE

NERD is an equal-opportunities employer. All characters are welcome, regardless of gender, ethnicity, religion, sexual orientation, ableness or age.

You are a team player, with a rigorous, user-oriented mindset and a taste for technical challenges. You have significant experience in the field (at least two years in a similar position), and ideally hold a master's degree in computer science.

REQUIRED SKILLS

- Network administration: TCP/IP stack, VPN, BGP, OSPF, static and dynamic routing, firewalling (Fortigate, Cisco)
- Strong background in security
- Knowledge of network, system, and application monitoring
- Administration of Windows and Linux systems
- Good knowledge of current workstation and server hardware

ADDITIONAL SKILLS AND EXPERIENCE

- Virtualization technologies
- System programming (shells, Python)
- Open-source culture

We expect candidates to be proficient in English and French, both written and spoken. French, English, and Japanese lessons are provided in the office.

ADDITIONAL INFORMATION

This full-time position is located in central Paris, France. Eligibility to work in the EU is required, and candidates are expected to relocate near Paris.

CONTACT

If you believe you are the right person for this position, please send a resume and a cover letter to apply@nerd.nintendo.com with **PSITEN2309** in the subject line.
