

Nintendo European  
Research & Development

# JOB OFFER

## INTERPRETER/TRANSLATOR

### THE COMPANY

---

Nintendo European Research and Development (NERD) is a French subsidiary of Nintendo. We are a company of around 75 employees who share a passion for creating key software technology and cutting-edge solutions for Nintendo Switch™ and other Nintendo platforms. In close collaboration with counterparts in Japan and the USA, we contribute in fields such as emulation, signal processing, content generation, computer vision, machine learning, system development, optimization and security to create solutions deployed on over a hundred million homogeneous devices. Come discover an engaging and welcoming work environment in the heart of Paris and join our unique team in its mission to put smiles on people's faces!

### THE POSITION

---

#### DESCRIPTION

- As an interpreter and translator, act as a vital bridge between engineers and game and system development stakeholders from contrasting cultures while developing knowledge in various cutting-edge fields – no prior expertise in these topics is required, just a curious mind :)
- Contribute to the development of language tools used throughout the group.
- Be valued as a linguistic and cultural consultant to other employees.

#### RESPONSIBILITIES

- Perform English↔Japanese interpretation of technical discussions for periodic internal meetings.
- Perform English↔Japanese translation of internal written communication and technical documents.
- Ensure smooth communication and coordination between NERD and other Nintendo affiliated groups, helping development teams overcome linguistic/cultural differences.
- Maintain confidentiality of project-related documents and communication.
- Work within a tight schedule and deliver translations in a timely manner.

### CANDIDATE PROFILE

---

NERD is an equal-opportunities employer. All characters are welcome, regardless of gender, ethnicity, religion, sexual orientation, ableness or age.

You must be highly proficient in both Japanese and English and have a good understanding of Japanese business manners. You must also have good communication skills, enjoy working in a team, yet be proactive and autonomous.

#### REQUIRED SKILLS AND QUALIFICATIONS

- Excellent English↔Japanese interpretation and translation skills (at least two years of professional interpreting experience)
- Experience working in engineering/research environments or a good ability to adapt to such environments

#### ADDITIONAL SKILLS AND EXPERIENCE

- University degree (bachelor's degree or equivalent)
- Experience with simultaneous interpreting
- Experience with CAT tools
- Interest in programming

### ADDITIONAL INFORMATION

---

Vacancy to be filled as soon as possible. Full-time permanent contract. Candidates are expected to relocate near Paris.

Most employees speak French, but we also welcome applications from non-French speaking candidates.

### CONTACT

---

If you believe you are the right person for this position, please send a resume and a cover letter in English and Japanese to [apply@nerd.nintendo.com](mailto:apply@nerd.nintendo.com) with **PSTT2023** in the subject line.
